

2018-2019 Schedules

All students should have their tentative schedules for the 2018-2019 school. If you do not have your tentative schedule please contact your school counselor as soon as possible.

Schedules were created based upon student requests of core courses, electives, and alternative electives.

If you identify an error or you require a schedule change please **contact your school counselor by June 29, 2018**. However, schedule change requests WILL NOT be considered for any of the following reasons: preference of a teacher; movement of a free period; or change in academic interest.

No schedule change requests will be accommodated after June 29, 2018, except in the instances of a clerical error; a missing required course; conflict between two courses in the same period; or Child Study Team recommendation.

Final schedules (with teacher, room, and locker assignments) will be available via PowerSchool on or about August 13, 2018. Please note that the sequence of courses may be different from the above in your final schedule. However, change requests will not be considered for this reason.
